About Us:

- The St Lucie County Drug Lab is located at 218 South 2nd St., Fort Pierce, and is open from 8:00am-4:30pm Mon-Fri, and 406 NW 3rd Ave., in Okeechobee. Call 863-824-6060 for Okeechobee hours of operation.
- All specimens are processed on an Olympus AU400 Analyzer in Fort Pierce and a Siemens V-Twin Analyzer in Okeechobee, using Siemens and Immulysis reagents and chemicals.

County and Circuit Hotline:

- In order to find out when to come for a drug test, you will call the Hotline at **772-462-6400** or **863-763-1245** after 7:00 pm every evening and listen for your birth month to be announced.
- Weekend and holiday testing messages are left on the hotline at 6:00 am.
- On Sunday you must call twice; at 6:00 am and at 7:00 pm.
- Please continue to call the hotline if the message is not left on time. Phone line problems eventually clear up; you cannot use that as an excuse to miss a test.
- The numbers are also online at slcdrugtesting.com.
- You may use either the Ft Pierce or Okeechobee Labs interchangeably. No additional fees will apply.

Testing Procedures

- When you arrive at the lab, you will fill out a chain of custody form and give it to a lab tech. When you are called in for your test, you will be handed a specimen cup with a barcoded label containing your name, the date and the specimen ID.
- All tests are observed to make sure no cheating occurs. Cheating on a drug test is a 2nd degree misdemeanor, and will cause you to have a new arrest.
- You must follow all directions the lab tech gives you; failure to follow directions will result in a "refusal" and is considered a positive.
- Do not drink too much liquid before taking your test; this may cause your sample to be dilute and is considered a positive.
- You should arrive at the lab ready to provide a sample. If you cannot provide a sample right away, you will be given more chances to try, however; it is in your best interest to arrive at the lab as early as possible so you give yourself ample time to provide your sample, especially on a weekend.
- If you arrive within 15 minutes of closing, you will be allowed only one attempt.
- **While waiting, do not use the public bathroom or leave the waiting area.**
- We cannot tell you your result, only the drug court team can tell you.

Costs and Payments:

- Every Monday, each Drug Court participant is invoiced \$30.00 for tests taken Monday through Sunday. Every effort should be made to pay weekly. You cannot phase up unless your lab and treatment fees are paid in full.
- The Lab accepts cash, money orders, personal checks, Visa and Master Card (\$1.50 credit card usage fee applies to any amount charged under \$60.00, or 2.7% on amounts above \$60.00).
- You can pay online at slcdrugtesting.com or in person at either lab location.
- You can receive a text or email invoice reminder if you would like; please ask a lab tech about how to sign up.

Our Commitment to You

- We want to you succeed!
- The St Lucie County Drug Lab operates to support your drug court program objective to be drug free.
- We strictly adhere to HIPAA rules; all your tests are confidential (except for the drug court team).
- We want to know if you have something on your mind, ask us anything.
- We strive to provide you the highest quality of service.
